

- Make a poster persuading people to recycle.
- Create a PowerPoint about a conservation project you are interested in. It could be plastics damaging the oceans or destruction of the rainforests.
- Create a piece of art out of recycled products (see Pinterest for ideas!). *
- Design a survey to find out about recycling. Ask members of your family and friends or even teachers!.
- Make a list of all the foods in your house that have come from another country.
- Design a meal using only food grown in this country. Write a recipe for it.
- Design an eco-friendly house and make a model of it. *
- Make a list of all the appliances in your house that use electric—how many times do you use them in a week? Can you display this in a bar chart?
- Create a non-chronological report about a natural disaster that has happened in the world.

**REMEMBER TO READ REGULARLY
AND PRACTISE YOUR TIMES
TABLES!**

This term's whole school project is inspired by Pope Francis' letter 'Laudato Si'. In this letter Pope Francis highlights how we are responsible for looking after the Earth. For your child's homework we encourage your children to choose from the selection of activities and projects to be completed throughout the term. Once a task is completed it can be brought into school and added to the class display. Every child will be expected to complete at least three pieces.

- Write a biography about a famous conservationist such as David Attenborough or Chris Packham.
- Design a superhero who could save our planet.
- Create a non-chronological report about an endangered species.
- Watch an episode of Blue Planet and write a review of it.
- Grow a plant. Monitor its growth. Record its growth in a table and create a graph *
- Make a papier maché model of the Earth. *

Homework Club:

Tuesdays 3-15-4.15—Y3 & 4

Wednesdays 3-15-4.15—Y5 & Y6

Please sign-up at the office for a place.

Homework clubs runs from Tuesday 30th April to Wednesday 17th July.

*** Cannot be done at homework club.**

- Write an adventure story set in a dump/re-cycling plant.
- Take part in a beach clean—take pictures and write an article about what you did.
- Write a prayer about the wonder of God's creation.
- Create a poster full of ideas of how we can cut down on the amount of single-use plastics we use.
- Design your own garden—think about the different things you would want in it. Make a model of it. Describe its features.*
- Create a set of top trumps about endangered species.
- Write a letter to your MP with your ideas of how we can make North Devon more environmentally friendly.
