

Eagle Class

Spring Term 2023

Happy New Year!

Welcome back to the spring term of year 4. It has been wonderful welcoming all the children back and seeing them settle into our classroom routines.

English

We have started in English by exploring the adventure story, Oliver and the Seawigs. We will look at the features of what makes an effective adventure story for someone to read. This will be an exciting explorative journey working towards writing our own adventure narrative based on the characters in the text.

Maths

As mathematicians, we will begin by focusing on multiplication and division. This is an important time for us in Eagle Class with the multiplication check approaching. All children should be concentrating and working hard to know their times tables up to 12 x 12. Please continue to practise these!

Humanities and RE

We have commenced our journey using our enquiry skills in humanities to look at our spring topic marvellous maps and during RE, we will begin by focusing on our local Church and the community we live in. I am looking forward to seeing the children develop their enquiry skills over the next coming weeks.

RSHE lessons every other week, exploring relationships and health education.

PE

Eagle Class have PE on a Wednesday and Friday. Please send your children to school wearing their PE kits on these days.

For six weeks on a Wednesday afternoon we will also be completing our swimming lessons at the tarka leisure centre.

Google Classroom and Homework

The children will be set weekly homework tasks on a Friday that are uploaded on Google Classroom, following on from the expectations set in the Autumn term. This platform will solely be used to issue homework.

The weekly homework tasks will consist of; reading, practising spellings, completing tasks on an online platform called IXL and accessing Times Table Rock Stars to practise times tables.

I am very excited to be teaching the children this term and hope you are looking forward to hearing about our learning and seeing some of the amazing work we produce.

If you have any questions please do not hesitate to contact us through Class Dojo.

Thank you to everyone for your continued help in supporting the children's learning.
