

## Eagle Class Home Learning

Dear Parents and Carers

Thank you so much for your continuous support this week! We are nearly there... one more week and then half term! I expect you'll be relieved to have a week off home learning, you truly deserve it. I hope your children are enjoying the new story and daily chapters. I will continue to read the book and upload tasks for the children to do, this can be done in their reading time. This should be a routine your children are familiar with, so a chance for them to shine! There is a new timetable for w/c 18<sup>th</sup> May with lots of afternoon activities to keep them busy. There are some for them to complete independently and some you may like to do as a family, please encourage your children to choose a range but those that interest them. I have continued with the Hamilton learning and there is another PowerPoint for Thursday's lesson. I have also uploaded the White Rose worksheets to the school website again, if you are having trouble accessing these please let me know. The teaching videos to use alongside the worksheets are still available on the White Rose website. On Friday there are maths challenges to complete, please use their guidance as to what they recommend for year four however you may also like to use this time to complete work from earlier in the week or focus on times tables. I am sure the children are probably tired and ready for the weekend at this stage. Please remember the timetable is a guide and use how it best suits your family. I cannot thank you enough for all your hard work and commitment to continuing your child's learning journey. I have been overwhelmed by your responses and support. The most important thing, during this unsettled time, is that you and your families are happy and safe. I understand there has been a lot about schools reopening in the news this week which sparks lots of questions and uncertainty. Mr Meech and the school team will be working incredibly hard to make sure that a return to school will be safe for us all and you will continue to be updated. I will continue to do all I can to support your children, thank you again for all your support. Enjoy half term and stay safe.

With my very best wishes

Miss Knill

Dear Eagle Class

You have one more week of home learning and then it is half term, woohoo! You truly deserve a break, I couldn't be more proud of how hard you are working at home and helping your families. Please remember your grown-ups are also working extremely hard to help with your learning and keep you safe so remember to thank them. I hope that you are enjoying the new story being uploaded to dojo. I will continue to upload chapters of the story regularly so keep checking so you don't miss anything! I am very excited to be on the Land of Roar journey with you, I can't wait to find out what happens next! I have planned another super busy week for you this week with lots of afternoon tasks to keep you busy. I know life will probably be feeling unfair at the moment but it is really important we stick to the rules and stay home and safe! I am so incredibly proud of all you have done so far and I will continue doing all I can to help you at this difficult time. I miss you all and I can't wait to be back in the classroom learning and laughing with you all.

Keep learning and keep smiling! Have a good week and stay safe! I am so proud of you and look forward to talking to you soon.

Best wishes from

Miss Knill
