Facebook: Our Lady's Catholic Primary School, Barnstaple

In Our Lady's Catholic Primary School we learn about God and try to follow his footsteps by showing care and respect for one another.

Dear Parents and Carers,

What a fantastic fortnight it's been at Our Lady's! The sunshine has brought smiles all around, and it's been wonderful to see the children enjoying their learning and playing in such glorious weather. From sports fields to residential adventures, there's been something exciting for everyone.

### Year 4 Residential to Wildside

Our Year 4 children had an unforgettable experience at Wildside! From outdoor challenges to team-building games and wildlife adventures, they embraced every activity with curiosity and courage. A huge thank you to the staff team who accompanied them and made this trip both safe and special.

### Year 6 Residential to Barton Hall, Torquay

Meanwhile, Year 6 headed to Barton Hall in Torquay for their much-anticipated residential. With a jam-packed itinerary including climbing raft building, and evening fun, they certainly made the most of every moment. The children showed maturity, resilience, and plenty of good humour throughout. Again, our heartfelt thanks to the staff who supported this trip—you truly made a difference!

### Cricket Festival!

Well done to our brilliant Year 3 and Year 4 pupils who took part in the local cricket festival. Their enthusiasm, teamwork, and sporting skill were outstanding, and they represented our school with pride. We are incredibly proud of their positive attitude and sportsmanship throughout.

### VE Day Celebrations

We proudly marked VE Day with a wonderful celebration across the school. The children came dressed in red, white and blue, creating a sea of patriotic colour in honour of this historic occasion. Year 4 and Year 5 also had the special opportunity to attend the flag raising ceremony at Rock Park, where they represented our school with respect and pride. It was a moving moment of remembrance and community spirit, and we are proud of all the children for the way they engaged in learning about the importance of this day.

### Well Done, Year 6 – SATs Superstars!

A huge congratulations to our amazing Year 6 pupils who absolutely *smashed* their SATs last week! We are so proud of the determination, focus, and positive attitude they showed throughout. To celebrate their hard work, they enjoyed a well-earned pizza lunch together—great job, Year 6!y engaged in learning about the importance of this day.t the event.

### Sporting Stars in Year 1

It's been a busy week for our younger children, too! Year 1 had a brilliant time at the Multi-Skills Festival, where they tried a range of exciting activities designed to boost their coordination, fitness and fun.

## Devon County Show Adventure

A group of children had the fantastic opportunity to attend the Devon County Show last Friday. From farm animals and food stalls to rural crafts and hands-on learning experiences, the children had a brilliant day exploring the best of Devon's countryside life. It was a fun-filled, educational experience that they won't forget in a hurry!

## Thank You to Our Amazing Staff

Finally, we would like to extend our deepest thanks to our wonderful staff team. Their dedication, care, and support for our children—both in and out of the classroom—makes all the difference. Whether it's leading residentials, preparing for big events, or offering daily encouragement and guidance, they go above and beyond. We are incredibly grateful to have such a committed and caring team.

As always, we thank you for your continued support. We hope you enjoy the weekend sunshine as much as we have this week and have a relaxing half-term break. We look forward to seeing you all back in school on **Tuesday 3rd June**.

Warm regards,

Mr Meech  
Executive Headteacher

Mrs Daunton  
Head of School

## Barn-a-b's at Our Lady's

A small group of older children from Barn-a-b's did a mini pilgrimage for Mary. We went along Chanters Hill. We prayed for the families on the street. We prayed for our families and admired the flowers in the gardens.

We are back to school on TUESDAY 3rd June.

Our last half term will be busy with transition plans for our older children. We will be learning about holidays, the seaside, as well as going on our trip to the farm.

We wish you a lovely, healthy half term, and look forward to seeing you in June.

**Cathy, Jane, Liia, Lisa and Tracey**

## Message from Miss Ashton, Year 6 Teacher

Year 6 completed their SATs tests this half-term. Everyone showed resilience and determination to succeed. We are very proud of all their hard work!

## VE-Day Celebrations

Our Y4 and Year 5 children attended the Barnstaple 80 year celebration event for VE Day last week. This involved a flag raising ceremony at Rock Park followed by a showing of a new commemorative film about WW2 and North Devon, VE 80 craft activities and historical talks.

## Reception and Year 1 Class Visits to Exmoor Zoo

The children had such a wonderful day and we saw lots of amazing animals.

### Headteacher's Awards

Well done to the following children who have recently received Headteacher's awards:-

<b>Owl</b>	<b>Kingfisher</b>

Every student. Every day.

### Heart of Gold Awards

Well done to all the children who have achieved our Heart of Gold Award for displaying our school rules. We are so proud of you:-

Ruairidh	The whole of	Isabella
Eli	Swallow Class	Olaedo
Freddie C		

### Dinner Money and Extended Day Fees

Please could we ask you to check your parent pay accounts as there appears to be a lot of dinner money and Breakfast and After School Club fees outstanding. If you require a link code to sign up for Parentpay, please see Mrs Welland in the school office.

All children from Year 3 and above need to pay for their school dinners at £2.81 per meal, unless you are entitled to means tested free school meals. It is important that all dinner money is received by the school. Thank you for your co-operation.

#### PUNCTUALITY MATTERS!

Being frequently late for school adds up to lost learning:

- Arriving 5 minutes late every day adds up to over 3 days lost each year.
- Arriving 15 minutes late every day is the same as being absent for 2 weeks a year.
- Arriving 30 minutes late every day is the same as being absent for 19 days a year.

19 days lost a year through being late means 90% attendance.

missed minutes =  
missed learning  
= missed opportunities!

**EVERY SCHOOL DAY COUNTS**

Each academic school year is 38 weeks (Sept-July) or 190 days. The following chart shows how missed days affects overall attendance.

**Dear Lord, Bless our school. That by working together and playing together, we may learn to serve you and to serve one another.**

**Amen**

# What Parents & Educators Need to Know about MINECRAFT

Still the best-selling game of all time, Minecraft is a bastion of creativity and community, with hundreds of millions of players building and crafting in its almost endless world. The popularity of Minecraft among gamers of all ages means it's important to remain informed about the game, including how to play it safely and whether it's suitable for the children in your care. That's why we've created this guide explaining the risks associated with Minecraft and how to ensure a purely enjoyable gaming experience.

## WHAT ARE THE RISKS?

### SCARY ELEMENTS

While Minecraft can be seen as a kind of 'digital LEGO', certain game modes include creatures accompanied by eerie sound effects. These can be a bit too frightening for some younger players, potentially leading to distressing in-game combat and other encounters – although the combat is quite basic and free from any real depiction of violence.

### GRIEFING

Some players in Minecraft take pleasure in deliberately damaging or destroying another person's creations. This behaviour, known as 'griefing', is a form of bullying – it intentionally ruins someone else's experience by erasing hours of their work and forcing them to start over. Many public servers regard griefing as a serious offence and often ban those who engage in it.

### ADDICTIVENESS

Minecraft's focus on creativity means that, as with any creative endeavour, it can be easy to get carried away. If your child is finding it difficult to manage their time because they're drawn in by Minecraft's gameplay loop of resource gathering and building elaborate projects, it could have a knock-on effect on their social interactions and schoolwork.

### PUBLIC SERVERS AND COMMUNICATIONS

With public servers being so easily accessible in Minecraft, it's highly likely that children will end up chatting with strangers through the in-game text chat. Some servers even place an emphasis on social interaction, actively encouraging communication between players. While there's nothing inherently wrong with this, it does carry certain risks. In addition to the concerns around speaking with strangers online, players who host their own servers may have their IP addresses exposed, posing a further security concern.

### ADDITIONAL PURCHASES

Minecraft is available as a free trial on a variety of devices; however, the full game requires a one-off purchase, which is typically around £15. After that, players have the option to buy additional cosmetic upgrades or subscribe to Minecraft Realms. Realms is an entirely optional subscription service that allows users to run their own private server to play with friends. Without proper supervision, younger players may end up making unintended or excessive purchases.

## Advice for Parents & Educators

### CHOOSE THE RIGHT MODE

Selecting Creative or Peaceful mode allows children to play Minecraft without having to contend with enemies. It's also a great way for you to get used to playing the game with them, since the difficulty level is far lower. This allows you to work together on a long-term project, creating something special without the threat of enemies and creatures attacking you or damaging your building.

### HOST A PRIVATE SERVER

The easiest way to find a safe server for children to play on is to make one yourself. Hosting a server prevents strangers from finding it, unless they've been given its address and password. A private server also lets you control who's allowed to enter and – if necessary – ban anyone who shouldn't be there. This is the closest equivalent to parental controls in Minecraft. Hosting a private server, however, will cost a monthly fee.

### TALK ABOUT STRANGERS

At some point in their lives, almost everyone will make contact with a stranger online. Talking to children about online safety, therefore, is essential – as is having a plan for dealing with any hostile or difficult people. It's important that a child knows never to tell a stranger about themselves online and that they should come to you straight away if they do encounter a problem.

### RESEARCH CONTENT CREATORS

Much of Minecraft's early stages can be an exercise in frustration for players who don't know where to start. Thankfully, there's a wealth of material online and in video format to help you learn the basics. Just be mindful that some of this content may not be appropriate for children, so you should consider watching it yourself first.

### PLAY MINECRAFT WITH YOUR CHILD

As a creative building tool, Minecraft makes it great fun for children to team up and construct vast buildings accompanied by imaginative landscapes, much like working with LEGO or model kits. Playing in a game mode that includes enemies can encourage critical thinking and teamwork; however, you should consider which game mode is appropriate for the child in your care.
